EVERY 21 SECONDS ANOTHER AMERICAN  
IS DIAGNOSED WITH **DIABETES.**

## THE CLOCK IS TICKING.

20.8 million Americans have diabetes. 6.2 million of them don't even know it. If current trends continue, by the year 2025, diabetes will cost the United States an estimated \$351 billion annually. That's why we're urging Congress to take action before it's too late. Join us and don't waste another 21 seconds. End the epidemic.
