HOW ADA MAKES CAMP POSSIBLE

Throughout the year, the Association raises funds through donations and
local fundraising events. The generosity of donors allows the Association
to offer every camper nationwide a significant reduction in Camp fees.

You can help support the ADA's Camp program by donating to the Associa-
tion or participating in one of our local fundraising events. Visit [www.
diabetes.org/Louisiana](http://www.diabetes.org/Louisiana) to learn more or call 888-DIABETES ext. 6074 to
get involved locally.

ABOUT ADA CAMP VICTORY

EDUCATION: Providing the youth of Louisiana a safe and rewarding camping experience has been a major focus of the American Diabetes Association since its beginning. Each summer over 75 physicians, nurses, dietitians, and social workers volunteer their time to see that the medical needs of the children are met.

Our campers are educated daily about diabetes in many ways. In addition to the fun educational games they play with our dietitian interns, they will also experience many "informal teaching moments," a sort of learning without knowing it. These moments occur many times throughout the day, whether it be carbohydrate counting, drawing up and injecting insulin or learning about site rotation.

WHEN: Session 1: July 15-21, 2012
Session 2: July 22-28, 2012

LOCATION: Louisiana Lions Camp
292 L. Beauford Dr.
Anacoco, LA 71403

AGE RANGE: Session 1: 6-11 years
Session 2: 11-14 years

COST: Camp Victory is free to all families

The Camp includes 24-hour medical supervision, meals and snacks, American Diabetes Association Camp T-shirt, housing, supervised program activities and most diabetes supplies.

CARE AT CAMP

Our first priority is the physical and medical safety of your child while they enjoy a traditional camp experience. It is not perfecting blood sugar management. Our staff includes:

- Physicians, nurses, and other health care providers who provide round-the-clock medical supervision.
- Registered dietitians who plan meals and snacks, and manage all special dietary needs.
- Program staff trained to deliver fun, safe, and supervised recreational activities and sports.
- Counselors trained to recognize specific diabetes care needs and help kids adapt to the Camp environment.

The American Diabetes Association makes every attempt to accommodate medical and/or emotional needs of campers. However, if we can not meet your child's needs, the American Diabetes Association reserves the right to deny admission to Camp.
