

Jet Injectors

Product Name (Manufacturer)	Size/Weight	Features
Advanta Jet (Activa Brand Products, Inc.)	Size: 6" × 1" Weight: 5.6 oz.	Standard model injector for the average skin type. Delivers from ½ to 50 units of all types and mixes of U-100 insulin; 14 comfort settings; 2-year warranty; tactile detents for visually impaired; lifetime benefit program available to all users; video included; toll-free help line; immediate service.
Advanta Jet ES (Activa Brand Products, Inc.)	Size: 6" × 1" Weight: 5.6 oz.	An extra strength Advanta Jet for those whose skin conditions require additional power from an injector; same features as Advanta Jet.
Gentle Jet (Activa Brand Products, Inc.)	Size: 6" × 1" Weight: 5.6 oz.	A lower-power model Activa Jet specifically designed for children and those with low levels of subcutaneous tissue; 2-year warranty; same features as Advanta Jet.
Injex 30 (Equidyne Systems, Inc.)	Size: 5½" × ½" Weight: 2.7 oz.	Stainless steel, needle-free injector with single-use disposable ampule. Vial adapter used to transfer medication into ampule. Delivers 5 to 30 units of insulin in single or mixed doses. One-year warranty on injector. No cleaning or maintenance. Training video and carrying case included.
Medi-Jector Vision (Antares Pharma, Inc.)	Size: 6" × ¾" Weight: 4.6 oz.	Compact, needle-free injector with needle-free syringes reusable for 21 injections. Delivers single or mixed doses from 2 to 50 units of all types of U-100 insulin; includes manual, video, carrying case, disposable adapters, and needle-free syringes. 30-day trial period; 1-year warranty.
Vitajet 3 (Bioject, Inc.)	Size: 6" × 1" Weight: 5.6 oz.	Easy-to-use, needle-free injection system. No cleaning or reassembly required. Crystal Check disposable nozzle allows you to inspect the dosage prior to injection and visually confirm full discharge of prescribed medication. From 2 to 50 units of insulin per injection. 2-year warranty, and 30-day money-back guarantee.
